

## INFORMATION ABOUT OUR USE OF COOKIES

Aztech Technologies Pte Ltd and its related companies (collectively, “we”, “us” or “our”) uses cookies for a variety of reasons, such as to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our website. By continuing to browse our website, you are agreeing to our use of cookies.

A cookie is a small file of letters and numbers that are sent to and stored on your mobile phone, computer or any other device used to access the internet, whenever you access a website.

More information on cookies can be found on [www.allaboutcookies.org](http://www.allaboutcookies.org) and [www.aboutcookies.org](http://www.aboutcookies.org).

We use the following cookies:

- Strictly necessary cookies. These cookies are essential for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.
- Analytical/performance cookies. These cookies collect information about how visitors use our website, for instance by counting the number of visitors to our website, the pages visitors access most frequently and how visitors move around our website. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

- Functionality cookies.

These cookies enable our website to remember your preferences (such as your username, your preferred language or region) and provide more enhanced and personalised features.

- Targeting cookies. These cookies record users’ visits to our website, the pages you have visited and the links you have followed. We will use this information to make our website, and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

You may adjust your browser settings to disable all cookies (including essential cookies). However, if you choose to do so, this may affect how our website works, and you may not be able to access all or parts of our website.
